Jens **Nilsson**

Techincal Developer

About me

I am am originally from the south of Sweden (a skåning) who, after studying music in highschool decided that I wanted to fulfill my dream of studying physics, moved up to Gothenburg! I am an active person who thrives when working tightly in a team and when I get the chance to learn something new and useful.

Areas of specialization

Machine Learning • Data Science • Data Analysis • Optimization

Interests

Running • Music • Skateboarding • Snowboarding • Traveling

Work

2026-present
Volvo Cars
Software Developer · Gothenburg
Consultant at Connected Experiences, Test Platform & Infrastructure.

2025
Teachback
Developer · Gothenburg
Innovation project for an AI powered tool for teachers.

2025-present
Software by Quokka
Consulting Engineer · Gothenburg
Working on internal, and innovation projects between assignments.

2022-2025
Smart Eye
Techincal Developer · Gothenburg
Part of the Core team with primary responsibility for the Driver Anti-spoofing feature, owning the full lifecycle of the CNN-based detection model, including data preparation, architecture, training, evaluation, and deployment. Also did my master's thesis at the company: Vision based unsupervised learning methods for Face Antispoofing, evaluating the use of generative Variational Autoencoders (VAE).

2017
Ericsson
Summer Internship · Gothenburg
Summer internship at the FPGA/Mini-Link department.

2018
Chalmers
Summer Research · Gothenburg
Granted a scholarship for continued research on our bachelor thesis related to the use of Software Defined Radio (SDR) for medical measurements.

Education

2018-2022
Complex Adaptive Systems
MSc · Chalmers
Focus on ML, Deep Learning, and data science.

2015-2022
Engineering Physics
BSc · Chalmers

Programming

- python
- c++
- rust
- typescript

Merits

2018-2019
3DTeamet
Course Administrator · Gothenburg
Administered and held courses for 3D printers and laser cutters for Physics students at Chalmers.

2021-2022
Intize
Mathematics Mentor · Gothenburg
Mathematics mentor for high school students in Gothenburg.

Languages

Swedish	C2	mother tongue
English	C2	• • • •

Additional competences

Development	Git | TensorFlow | Docker | Azure | AWS
Other	Drivers License
